BOOK SYNOPSIS

Home Town Erotica Volume 2, is the second book from Amateur Author Kelly Harris. Within the pages of the book you will find a collection of eight award winning erotic short stories unlike any you have ever read before. You'll become entranced in the stories, flipping from page to page, feeling your own pulse rise as the sexual tension builds, and then you'll revel as the characters each reach their climaxes in superb detail. The stories are meant to thrill, to entertain, and to surprise you with their twist, turns, and emotionally charged story lines. Written in first person, they are meant to lure you into the characters feelings, and entwine their excitement with your own. Though not written as a self-help, or "Better Sex guide", the stories will no doubt teach you about your own likes and dislikes as no lover ever has before. You may very well discover feelings that you didn't know existed, that were locked deep down inside, or that you never even knew were possible. Even if you must live a prudish life due to personal circumstance, you can still live vicariously with the characters in the book. As the author, I encourage you to share the stories, live them out with your special someone, and most of all have fun!
